

AusAppPathways - Download today

Key elements

- ▶ Helps people identify their apprenticeship and traineeship career interests
- ▶ Navigates through to a range of sample job and training descriptions
- ▶ Provides 'More Information' – availability by state or territory and as an Australian School-based Apprenticeship
- ▶ Provides 'Contacts' for key Australian Apprenticeship networks
- ▶ Backed-up by more information and resources on Australian Apprenticeships Pathways website (www.aapathways.com.au)

The 'Home' screen

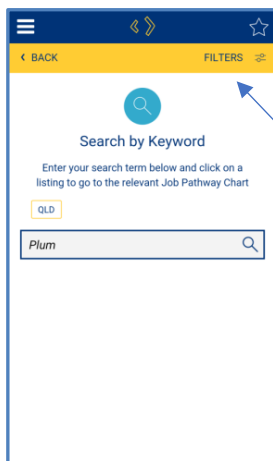

The top blue menu option strip displays on all screens:
Left – Lists all options & 'How to use the app'
Middle – Return to the 'Home' screen
Right – Go to 'Favourites'

Access AusAppPathway content:

- Browse for ideas
- Search for a specific title
- Search for key network contacts (also available as part of a search)
- Go to favourites

Search by keyword

Use part of a key word to obtain broad results
 The search term must be accurate

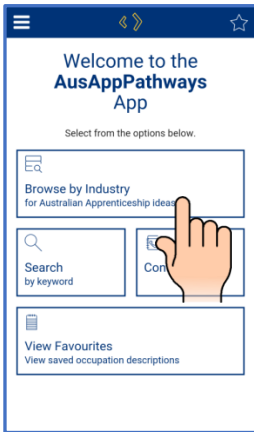

Use 'Browse by Industry' to search for a broad range of apprenticeship and traineeship ideas

Use 'Filters' to select a state or territory

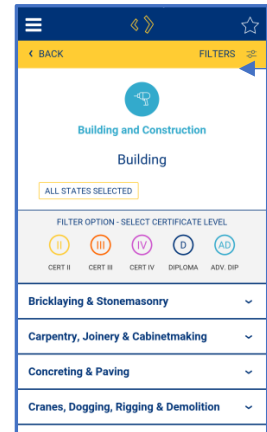

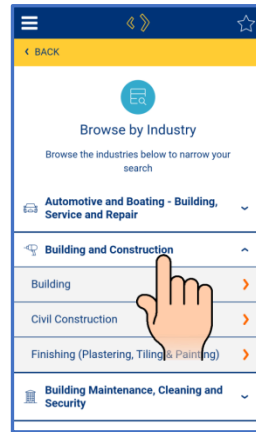

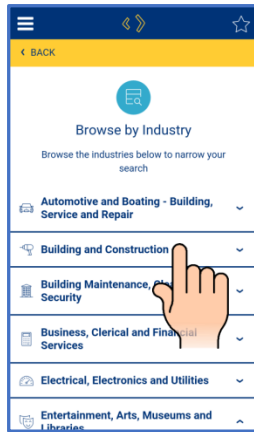

Other options: search by school – based availability or trade related descriptions

Using 'Browse by Industry'

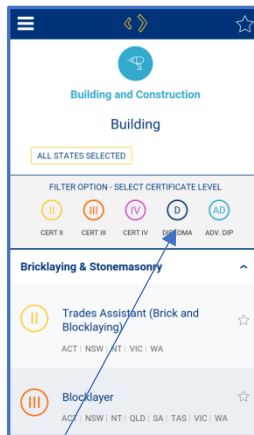

On the first visit, a state & territory selection box appears. This selection is retained until changed using 'Filters' on this or future visits

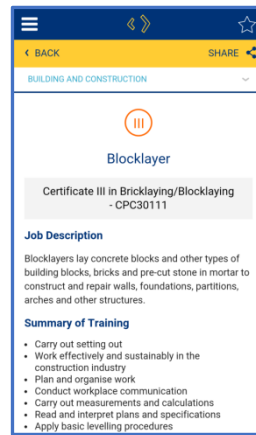

Change 'Filter' options or make a further selection

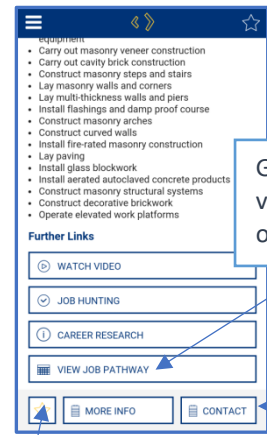

Filters: Change an earlier state/territory selection. Other options: search by school – based availability or trade related descriptions

Option: tap on Certificate Level icon(s) to limit the search results. Tap again to de-select.
